BENEFITS & EXEMPTIONS FOR MSEs

1. Following benefits will be given to Start ups and MSEs in this tender: -

All MSEs notified as per GFR 2017 clause no. 1.10.4 and as notified below shall be exempted from payment of Tender Document Fee and Bid Security/ Earnest Money Deposit. For claiming this exemption, MSE must, along with their offer, provide proof of their being registered as MSE (indicating the terminal validity date of their registration) for the item tendered, with any agency mentioned in the notification of Ministry of MSME, indicated below: -

- (a) District Industries Centres;
- (b) Khadi and Village Industries Commission;
- (c) Khadi and Village Industries Board;
- (d) Coir Board;
- (e) National Small Industries Corporation;
- (f) Directorate of Handicraft and Handloom;
- (g) Any other body specified by the Ministry of MSME.

For claiming the above exemption for Start-ups, a valid certificate of Start-up recognized by 'Department of Industrial Policy & Promotion (DIPP)' along with Business eligibility certificate or any other document issued by Govt/Recognized institute is required in support of product/ service item being tendered.

2. **Purchase Preference to MSEs:** Subject to meeting terms and conditions stated in the tender document including but not limiting to prequalification criteria, 25% of the total quantity of the tender is earmarked for MSEs registered with above mentioned agencies/bodies for the tendered item. Out of the 25% target of annual procurement from micro and small enterprises 4% & 3% shall be earmarked for procurement from micro and small enterprises owned by Scheduled Caste (SC) & Scheduled Tribe (ST) entrepreneurs & Women entrepreneurs respectively. In the event of failure of such MSEs to participate in the tender process or meet the tender requirements and H1 price 4% & 3% sub targets so earmarked shall be met from other MSEs.

Type of tender	Price quoted by MSE	How the tender shall be finalized
Can be split	H1	Full Order to MSE subject to tender evaluation condition
Can be split	Not H1 but within H1-15%	25% order to MSE subject to matching H1 price
Cannot be split	H1	Full Order to MSE
Cannot be split	Not H1 but within H1-15%	Full Order to MSE subject to matching H1 price

1.1 Where the tendered quantity can be split: In a bid, if prices quoted by participating Micro and Small Enterprises (MSEs) fall within the price band of H1-15%, such MSEs shall also be allowed to supply 25% of the total tendered quantity by bringing down their prices to H1 prices. In case of more than one such MSE (H1-15%) the supply shall be shared proportionately (to tendered quantity), subject to the condition that such MSEs match the H1 price. Further, 4% out of above 25% shall be from MSEs owned by SC/ST entrepreneurs & 3% out of above shall be from MSEs owned by women entrepreneurs. This quota is to be transferred to the general category MSEs in case of NON-availability of MSEs owned by SC/ ST entrepreneurs & Women entrepreneurs respectively.

1.2 Where the tendered quantity cannot be split/divided: In case of tender item is non-split able or non-dividable, etc.: MSE quoting price within price band H1-15% may be awarded for full/complete supply of total tendered value to MSE, considering spirit of Public Procurement Policy, 2012 for enhancing the Govt. Procurement from MSE.

1.3 MSE owned by SC/ST is defined as:

- a. In case of proprietary MSE, proprietor(s) shall be SC /ST
- b. In case of partnership MSE, The SC/ST partners shall be holding at least 51% shares in the enterprise.
- c. In case of Private Limited Companies, at least 51% share shall be held by SC/ST promoters.

1.4 MSE owned by Women is defined as:

- a. In case of proprietary MSE, proprietor(s) shall be Women
- b. In case of partnership MSE, The Women partners shall be holding at least 51% shares in the enterprise.
- c. In case of Private Limited Companies, at least 51% share shall be held by Women promoters.

If bidder does not provide appropriate document or any evidence to substantiate the above, then it will be presumed that he does not qualify for any preference admissible under the Public Procurement Policy, 2012.

2. For relaxing the PQ/QR conditions regarding prior turnover and prior experience for MSEs and start-ups, the prior turnover and prior experience will be as under subject to their meeting of quality and technical specifications:

Category of tender	Past experience	Average Turnover	Award Philosophy
Can be split as per tender conditions	25% of total experience as required for general bidders	25% of total ATO as required for general bidders	<p>(a) If MSE is H1, order will be given as per split criteria in order of ranking as defined in the tender document which could be greater than 25%. The treatment for award will be same for MSE as general bidder.</p> <p>(b) If MSE is other than H1 bidder, then the split criteria as per tender condition will be followed subject to price matching with H1 bidder in order of ranking treating the MSE bidder(s) at par with the general bidder. In such event also, order(s) going to MSE bidder(s) could be greater than 25%. If order(s) going to MSE bidder(s) is/are less than 25% after the matching of rates with H1 bidder by adopting the tender split criteria, then the clause of purchase preference for award to MSE bidder(s) up to 25% of the tendered quantity subject to matching H1 rates will be followed to make the total quantity going to MSE bidder(s) @ 25%; provided the rates are within H1-15% range. In such cases, remaining quantity after award of 25% to MSE bidder(s) shall be distributed amongst other eligible bidders in the pre-declared split ratio. If</p>

			<p>order(s) going to MSE bidder(s) is less than 25% and also MSE bidder(s) not meeting the condition of purchase preference clause i.e. quoted rates not within H1-15% range, then the order(s) quantity going to MSE bidder(s) in such cases shall be less than 25% which will be in line with the tender conditions.</p> <p>(c) If MSE is in the range of H1-15% and not getting the order after splitting and award is going to all non MSE bidder(s), then in such event 25% will be awarded to MSE bidder(s) who fall in the range of H1-15% subject to price matching and remaining 75% will be awarded as per the tender conditions to general bidder's subject to matching H1 rates.</p> <p>(d) If after splitting MSE bidder(s) are getting order for more than or equal to 25%, then other MSE bidder(s) will not be awarded any work under purchase preference clause even if they fall in the range of H1-15%. However, they will be considered for award of work as any other general bidder as per tender conditions subject to matching of rates in order of ranking.</p> <p>(e) If MSE bidder is a single resultant vendor, then the quantity that would be considered for award to such bidder will be as defined in the pre-declared split ratio to L-1 bidder in the tender condition; provided the quoted rates of the bidder are found reasonable by CESL. However, CESL reserves the right to award 100% quantity to such MSE bidder provided the MSE bidder has got ATO which is corresponding to the cumulative applicability for 100% order value. In case, where ATO of the MSE bidder is less than what is required for 100% cumulative order value, then work may be awarded to such MSE bidder in proportion to the ATO. For exp: If ATO of MSE</p>

			bidder is 56% of the cumulative ATO requirement of 100% order value, then maximum 56% work may be awarded to the MSE bidder. However, in such case CESL reserves the right to award appropriate quantity based on the existing requirement and such decision will be taken by CESL which will be binding on the bidder. CESL may take consent from the bidder for award of such quantity (which is over and above the quantity to be allotted to L-1 bidder as per pre-declared split ratio) before award.
Cannot be split as per tender conditions	25% of total experience as required for general bidders	85% of total ATO as required for general bidders	<p>(a) If MSE is H1, 100% order will be given to MSE.</p> <p>(b) If MSE is within the range of H1 + 15%, 100% order will be given to MSE subject to price matching with H1 bidder.</p> <p>(c) If MSE is not H1 and not in range of H1 + 15%, no work will be given to MSE.</p>

3. Start-ups are also covered under 25% purchase preference from procurement basket of MSEs as defined in point (3) above, provided that participating Start-ups submit all the relevant documents pertaining to MSEs as defined in point (1) above and documents for start-ups as defined in point (2) above.

Whereas, startup means an entity, incorporated or registered in India:

- (a) Not prior to ten years
- (b) With annual turnover not exceeding INR 100 crore in any preceding financial year, and
- (c) Working towards innovation, development or improvement of products or processes or services, or if it is a scalable business model with a high potential of employment generation or wealth creation
- (d) Provided that such entity is not formed by splitting up, or reconstruction, of a business already in existence. Provided also that an entity shall cease to be a Start-up if its turnover for the previous financial years has exceeded INR 100 crore or it has completed 10 years from the date of incorporation/ registration.

Note: For Start-up firms, Gazette Notifications dated: 17-Feb-2016, G.S.R. 180 (E), and subsequently issued notifications will be considered.

NOTES:-

- a) In case where tender quantity can be split and MSE bidder is already getting order more than 25% of the tender value, no additional purchase preference is required to be given in that tender.
- b) In case MSE bidder is already getting order for less than 25% of the tender quantity, purchase preference to this and other MSE vendor (together) shall be given only up to the differential quantity to make total as 25% to MSE vendor subject to H1-15% and price matching.

- c) Public Procurement policy is meant for procurement of goods produced and services rendered by Micro and Small Enterprises. The preference to MSEs is not applicable for works contracts where supply of goods not produced by MSEs is also involved.
- d) The eligibility of MSE bidders for any other benefits/relaxations for MSE bidders indicated in Tender documents shall be as indicated in the above "Tender conditions for Benefits/Preference for Micro & Small Enterprises (MSEs)."
- e) If bidder submits EMD/bid security fees and also MSE certificate along with the offer, then the bidder will be treated as general bidder and no relaxation will be given to such bidders pertaining to MSE's.
- f) The registration certificate must be valid as on bid closing date of the tender. Bidder shall ensure validity of certificate in case bid closing date is extended. The MSEs who have applied for registration or renewal of registration with any of the above agencies/bodies, but have not obtained the valid certificate till the end date of bid submission, are not eligible for any exemption/preference and will not be considered. Such offers will be treated as offers received without EMD and out rightly rejected. Traders, resellers, distributors and agents will not be considered for availing benefits under PP Policy 2012 for MSE's.

Note: In case of submission of Udyam Registration to claim benefits applicable to MSEs, NIC (National Industrial Classification) code mentioned in below table shall be acceptable as a proof of the fact that the applicant is registered as MSE for the 'Tendered Item'.

1. **BACKGROUND:**

Convergence Energy Services Limited (CESL) is a newly established subsidiary of Energy Efficiency Services Limited (EESL), under the administration of Ministry of Power, Government of India headquartered at New Delhi. CESL is focussed in delivering clean, affordable and reliable energy solutions that enable a faster energy transition. CESL presently owns and operates one of the largest EV fleet of ~1500 cars across all major states /cities in India. CESL also owns and operates a large EV charger network of ~1000 chargers installed across India. To enable commercialisation of these solutions at scale, Convergence employs business models that utilize blend of concessional and commercial capital, Carbon finance and grants as appropriate.

To provide the further push to E- Mobility in the country CESL has ventured into public charging stations business to cater to all EV consumers in the country. Under this initiative CESL has signed MoUs/Agreements with Ahmedabad Municipal Corporation (AMC), Noida Authority, Chennai Metro Rail Corporation Limited (CMRCL), Jaipur Metro Rail Corporation (JMRCL), New Delhi Municipal Council (NDMC), South Delhi Municipal Corporation (SDMC), Greater Hyderabad Municipal Corporation (GHMC) and Commissioner, Director of Municipal Administration (CDMA), New Town Kolkata Development Authority, Naya Raipur Atal Nagar Vikas Pradhikaran (NRANVP), Kalinga University Raipur (Chhattisgarh), City and Industrial Development Corporation (CIDCO), State PWD, Maharashtra, BSNL, Bharat Heavy Electricals Limited (BHEL), Bharat Petroleum Corporation Limited (BPCL), Hindustan Petroleum Corporation Limited (BPCL), Apollo Hospitals Enterprise Limited, Bangalore Electricity Supply Company Limited (BESCOM), Delhi Transport Corporation (DTC), Punjab Energy Development Agency (PEDA) etc for development of Public Charging Stations (PCS) in their respective areas.

CESL is one of the first organizations in India to deploy Public Electric Vehicle Charging Stations (PCS) on an impactful scale. It has concluded procurement of more than 1,500 chargers and is working with the Department of Heavy Industry (DHI)'s FAME II scheme for the deployment of PCS in 14 cities across India.

CESL has partnered with various stakeholders (Govt & Private) located in rural and urban sites to further promote e-mobility in India by encouraging faster adoption of electric vehicles by establishing the necessary public charging infrastructure. As a part of this partnership, CESL will provide sites for implementation of public charging infrastructure and / or battery swapping stations. The partnership will enable CESL to expand its outreach across the country, especially remote areas of India and promote the implementation of E-Mobility program.

Allocation Procedure of Pooled Sites to Successful Bidders:

Bidding process will be conducted for each city for the bidders who qualified eligibility and qualification criteria as per clause no.5,6 & 7 of this tender.

Top three highest quoting bidders (in each type of EV charging stations categories defined as P1, P2 and P3) will get sites allocated as per the pre-set quota explained below:

- a) Bidder can participate in any type of EV Charging Station category (P1, P2 & P3) or in all types subject to fulfilment of the qualification criteria. In case, bidder is participating for all categories (P1, P2 & P3), the qualification criteria defined for each category individually and cumulatively shall be considered while in case of participation for multiple cities and multiple categories by bidder. Tender will be evaluated based on the Agreed Sharing Price (Column 5 of the each Price Bid). The bidder with the highest Agreed Sharing Price will be termed as H1 bidder. The evaluation will be done separately for P1, P2 and P3 type EV Charging Stations.
- b) CESL has listed locations for P1, P2 and P3 category EV Charging Stations. Some locations are suitable for all categories (P1, P2 & P3) and few locations are suitable only for (P1 or P2 or P3). So, bidders are advised to review the list carefully in each city.
- c) CESL intends to split the total sites listed in each city amongst the top three bidders i.e. H1, H2 and H3 for each category (P1, P2, & P3).
- d) The allocation of sites for P1, P2 and P3 category EV Charging Stations are as follows. The top bidder H1 in each city and each category (P1, P2 & P3) shall be allowed to choose and select locations of their choice up to (50%) of the listed locations in each city. H1 bidder shall be provided 4 weeks for sending the confirmation of selected location back to CESL. H1 bidder has to mandatorily select (50%) of the listed location in each city and each category they have quoted for.

- e) Subsequent to saturation of H1 bidder quota, H2 bidder in each category shall be offered left out locations by H1 bidder and shall be allowed to choose and select locations of their choice up to (30%) of the listed locations in each city. H2 bidder shall be provided 4 weeks for sending the confirmation of selected location back to CESL. H2 bidder has to mandatorily select (30%) of the listed location in each city and each category they have quoted for
- f) Following this H3 bidder in each category shall be offered left out locations by H1 and H2 bidder and shall be allowed to choose and select locations of their choice up to (20%) of the listed locations in each city. H3 bidder shall be provided 4 weeks for sending the confirmation of selected location back to CESL. H3 bidder has the option to decide to accept the remaining offered location in each city and each category they have quoted for.
- g) In this RfP, only top three bidders i.e. H1, H2 and H3 for each city and category (P1, P2, & P3) shall be selected and there shall be no price matching criteria amongst the H1, H2 and H3 for each city and each category (P1, P2, & P3).
- h) In case of only two bidders i.e., H1 and H2 in any city or any category, still the allocation of sites would remain in the ratio of (50%:30%).
- i) In case of only one bidder i.e., H1 in any city or any category, the allocation of sites shall be to the extent of (60%)
- j) In case a bidder is not able to meet target as per scheduled timelines, CESL reserves the right to shift the part/full sites to other bidder who agrees to match the price on the risk and cost of such non-performing bidder.
- k) In the event of tie in prices between two or more bidders, the bidder with higher turnover will be given preference in ranking and award. Average of last two financial years shall be considered for arriving at turnover for comparison in such cases to break the tie.
- l) While selection of sites fraction will be considered to the next nearest integer value.

7. CONDITION UNDER WHICH RFP IS ISSUED:

The RFP is not an offer and is issued with no commitment. CESL reserves the right to withdraw RFP and or vary any part thereof at any stage. CESL further reserves the right to disqualify any vendor, should it be so necessary at any stage.

8. ADJUDICATOR

Adjudicator under the contract shall be appointed by the Appointing Authority i.e. MD (CESL). If the bidder does not accept the Adjudicator proposed by CESL, it should so state in its bid form and make a counter proposal of an adjudicator. If on the day the contract agreement is signed, the CESL and contractor have not agreed on the appointment of adjudicator, the adjudicator shall be appointed, at the request of either party, by the appointing authority specified.

9. ARBITRATION

Arbitration shall be carried out as per Arbitration Act 1996 and its subsequent amendment. The Contract shall be governed by and interpreted in accordance with the laws in force in India. The courts of Delhi shall have exclusive jurisdiction in all matters arising under the contract.

10. RESTRICTIONS ON PROCUREMENT FROM A BIDDER OF A COUNTRY WHICH SHARES A LAND BORDER WITH INDIA

ANNEXURE-B: TERMS OF REFERENCE

The bidder's terms of reference for **Submission of Request for Proposal for Selection of bidder for Supply, Installation, Testing, Commissioning, Operation and Maintenance of Electric Vehicle Charging Stations in eight cities (Ahmedabad, Bengaluru, Chennai, Delhi, Kolkata, Mumbai, Pune and Surat) on Build, Own and Operate, (BOO) Model for a period of eight years** with CESL are as mentioned below:

Bidder scope:

The selected bidder shall set-up categories of EV charging stations (P1, P2 & P3) at allocated locations in cities by CESL. The indicative scope of work of bidder is given as below:

- 1. Site assessment:** The selected bidder shall undertake detailed locational assessment surveys to identify suitability of locations for the deployment of opted category of EV charging stations (P1, P2 & P3) prior to sending confirmation of their selected locations to CESL. The selected bidder shall prepare a detailed civil drawing for each location based on the locational assessment surveys and earmark the exact location specific to category of EV Charging Station proposed. To the extent possible, bidder shall collect details related to existing load availability at each location basis the location assessment and DISCOM details serving the concerned location .
- 2.** The bidder is responsible for procurement, supply, installation, testing, commissioning and operation of category of EV charging stations including all necessary auxiliary equipments like canopy structures for branding and advertisements, barricading, floor painting, etc. as required.
- 3.** The bidder shall be completely responsible for design, engineering, and testing of EV charging station including the power infrastructure. The category of EV charging stations have to be type tested by an agency/lab accredited by National Accreditation Board for Testing and Calibration Laboratories (NABL) from time to time. CESL reserves the right to carry out PDI (Pre-Dispatch Inspection) of the proposed chargers by bidder.
- 4.** Bidder shall ensure compliance to 'Phase Manufacturing Program' as per Ministry of Heavy Industries AEI Section notification F.No. 1/2/2020-NAB II (Auto) (21949) dated 2nd Nov, 2021 wherever applicable.
- 5.** Bidder shall be responsible to ensure EV charging stations shall comply with the provisions of Central Electricity Authority (Technical Standards for Connectivity of the Distributed Generation Resources) Amendment Regulations, 2019 and Central Electricity Authority (Measures related to Safety and Electric Supply) (Amendment Regulations, 2019).
- 6.** All the necessary permits and approvals including CEIG, if any, required for successful commissioning of the EV charging station shall be in the scope of the bidder. The bidder shall comply with all applicable State regulations related to build out and operation of EV charging stations.
- 7. Investment:** The bidder shall be completely responsible for project investments for build out and operation of EV charging station including the power infrastructure to be installed. Neither financial support nor any investment support shall be extended by CESL.
- 8. Operations & Maintenance:** The bidder shall be responsible for Operation & Maintenance (O&M) of EV charging stations including all the infrastructure developed during the project period of 8 year.
- 9. Power Connection and metering:** CESL shall facilitate necessary assistance to bidders for obtaining Electricity (Power) connection from respective DISCOMs at each location.
- 10.** In order to facilitate power connection at locations where more than one category of EV charging stations (P1, P2 and P3) have to be installed by bidders, then CESL shall take common EV tariff connection in its own name under the permissible LT supply code regulations followed by respective DISCOMs. Typically the common load shall be shared in the ration of 30:20:50 amongst P1:P2:P3 category of EV charging station at locations where all three categories have to be installed. In case of two category of EV charging stations have to be installed at each location, it shall be shared in the ration of 50:50.

11. DISCOMs LT supply code limits

City	State	LT supply limits by DISCOMs.
Delhi	Delhi	Nominal load up to 99 kW allowed. In case of load above 100 kW and up to 200 kW, additional land measuring 5m x 4.3m as per DERC guidelines have to be arranged by bidder.
Ahmedabad	Gujarat	<100 kW
Bengaluru	Karnataka	Nominal 50kW. Extended load up to 150kW allowed under Ease of Doing Business (EODB)
Chennai	Tamil Nadu	112kW.
Kolkata	West Bengal	150KVA
Mumbai	Maharashtra	Nominal 80 kW and up to 150 kW.
Surat	Gujarat	<100 kW
Pune	Maharashtra	Nominal 80 kW and up to 150 kW.

12. Indicative DISCOM process for availing LT Connection from DISCOM.

- Step 1: Land Partner issues NOC to CESL for obtaining new meter or sub meter electricity connection for load sanction in the name of EESL/CESL.
- Step 2: Based on the NOC, new meter connection application will be submitted by CESL under the approved EV tariff category for required load under LT connection to DISCOM.
- Step 3: Before DISCOM scheduled site visit, bidder on behalf of CESL have to install EV chargers at site to confirm the load requirement at site.
- Step 4: Multiple visits by DISCOM team for technical and commercial feasibility check by DISCOM for load approval and to provide an estimate (demand note) for providing the electrical connection for EV chargers.
- Step 5: DISCOM provide an estimate (demand note) for providing the electrical connection for EV chargers including SLD chargers, Security deposit charges and civil work charges (from electrical source to EV chargers).
- Step 6: CESL has to release payment against the issued demand note to DISCOM. After successful payment, DISCOM shall commence their work.
- Step 7: If payment is not completed timely, again the process shall start from Step 1.

13. The cost estimated by CESL for availing the electricity connection by DISCOMs at each location shall be paid in advance by bidders to CESL or directly to concerned DISCOM as per the confirmation by CESL in accordance to the load sharing arrangement decided by CESL for P1, P2 and P3 category of EV charging stations. However, bidders could also seek electricity connections directly on their own as well.

14. Electricity payments as per the billed units by DISCOMs have to be paid within the due date by bidders on behalf of CESL. Any disconnection due to non-payments or delayed payments shall be dealt by bidders on behalf of CESL. The bidders will also have to pay the applicable energy and monthly demand/fixed applicable along with duties and taxes levied by DISCOMs on pro-rata basis as applicable for a location related to the respective category of EV charging stations to CESL.

15. All the EV charging station shall be operated through the cloud-based Charge Management System (CMS) either owned by the bidder or availed from external CMS service providers. The bidders have to list the EV charging stations set up under this RFP on the CMS platform of CESL whenever it is launched and activated. Bidders shall ensure that there is standard Open Charge Point Protocol (OCPP) capabilities for CMS integration. Furthermore, the bidder should ensure that CESL receives real time notifications and on-demand reports on all charging stations. CESL is in the process of developing a CMS and mobile application to enable CPOs (Charge Point Operators) and eMSPs (e-

Mobility Service Providers) to host CESL's EV charging stations on their system and in turn to host their EV charging stations on CESL's system. The system will Standardize self-service method and run on Open Charger Point Interface (OPCI) 2.2.

16. Details on the open data sharing platform may be furthered referenced here: https://convergence.co.in/public/upload/tender_pdf/umh9ige6wlssam97jk.
17. Under any circumstances, in the event of relocation of Electric Vehicle Charging Stations it shall be the responsibilities of CESL to provide the alternate space to the bidder for relocation. The expenditure for relocation shall be borne by bidder (at any time during the term of the project). Charges for Electric connection and sanction (at new location/ relocation), shall be borne by bidder, as per SERC norms.
18. Sample draft Agreement containing terms and conditions including the consequences of termination, liabilities etc. shall be shared with the selected bidders.
19. CESL shall provide guidelines and norms for branding on EV chargers and same shall be disclosed with selected bidders. The co-branding shall be done considering proper representation of CESL. Branding Guidelines of CESL and Land Partner, if any, will be followed.
20. **Canopy and Tower:** Every Charging Point should be covered by a canopy to protect it from adverse weather conditions with sufficient protection to wind load, seismic load and dust/water protection as per IS Standards of outdoor units. CESL shall maintain the standard canopy design/ structure for ease of identification of charging units collaborated in this RfP. A prominent tower display must be installed at the entrance of the EV Charging Stations akin to towers displayed at the entrance of fuel stations. The canopy structure design of CESL shall have adequate space for branding and advertisements purpose.
21. **Safety Norms:** All categories of EV charging stations should be incorporated with suitable protection and monitoring devices for safe and reliable operation of charging stations All must follow the following safety norms:
 - a Safety provisions for charging stations vide schedule XVI of the CEA (Technical Standards for Connectivity of Distributed Generation Sources) Regulations, 2013.
 - b Protection against the overload of the charging supply and incoming supply fittings must be provided.
 - c Bidder shall keep the records to an extent that the PCS installation have been carried out and maintained in accordance with safety norms as per the relevant CEA Regulation & manufacturer's installation and maintenance instructions

22. Insurance:

Bidder shall carry out and maintain, or cause its subcontractor(s) to carry and maintain, with reputable insurance companies that are acceptable to **CESL**, at its own cost and expense, during the term of this project the following insurance:

1. Workers' Compensation Insurance or Employer's Liability insurance that comply with all applicable worker's compensation laws governing the **bidder** and all employees working for **bidder**.
2. Commercial General Liability insurance written on an occurrence basis, including without limitation bodily injury, property damage, fire damage, contractual liability, independent contractor liability, personal and advertising injury, completed operations and products liability, 3rd party liability arising out of but not limited to construction, installation, operation, maintenance, removal and relocation of the Charging Unit and Related Infrastructure, worldwide defense and indemnity (if commercially available), with a combined single limit of not less than two million U.S. dollars (US\$2,000,000) per occurrence (or the maximum amount commercially available and reasonably acceptable to CESL). Such insurance shall name CESL and their respective affiliates as additional insureds.
3. Third Party Motor Liability or Automobile Liability insurance, if applicable, written on an occurrence basis, including all owned, non-owned and hired vehicles used in conjunction with the Scope of Works for **bidder** hereunder for bodily injury or property damage with limits that comply with applicable local laws;

4. Property 'All-Risks" Insurance against loss or damage by fire, flood, cyclones, tsunami, windstorm, earthquake, water leakage, theft, terrorism, vandalism, lightning strikes, and malicious mischief and other risks that are usually covered by standard "all risks" policy form covering the damage or loss of the property owned by or in the possession, custody or control of the **bidder**. Cover must be for an amount not less than 100% replacement value. Such insurance shall extend to cover the construction, installation, maintenance, removal and re-location of EV charging stations and related infrastructure.

5. All policies shall be specifically endorsed to provide that the coverages obtained by virtue of this project will be primary and that any insurance carried by CESL shall be excess and non-contributory. All policies shall be specifically endorsed to provide that such coverage shall not be cancelled or materially changed without at least thirty (30) days' prior written notice to the CESL. **Bidder** shall waive and cause its Insurers to waive any rights of recovery and subrogation it may have against CESL and their respective affiliates with respect to any claim and this waiver shall survive the termination of this project.

6. Upon execution of this project and thereafter ten (10) days prior to any renewals, **bidders** shall provide CESL with certificates of insurance (and, if requested by the CESL, copies of the policies) which evidence the required coverages.

23. Timelines for implementation: Upon allocation of any location for implementation of the EV charging stations including the power infrastructure, the bidder needs to commission the EVSE at a given sites within the following timelines from communication of Notice to Proceed (NTP).

Deliverable	Timeline
Completion of Supply, Installation, Testing & Commissioning of allocated category of EV Charging Stations at 25% of allocated locations to the respected bidder	3 months from NTP
Completion of Supply, Installation, Testing & Commissioning of allocated category of EV Charging Stations at 100% of allocated locations to the respected bidder	6 months from NTP

CESL Engineer in charge – EIC shall officially confirm NTP through an official confirmation letter to bidder for each site. CESL will assess the causes of delay based on the representation by bidders if any, and necessary extension and relaxation shall be recommended by EIC to empower committee. Detailed terms of NTP shall be informed to the selected bidders

24. Type of Charger: Bidder shall install EV chargers as approved in the Charging Infrastructure for Electric Vehicles (EV) - the revised consolidated Guidelines & Standards issued by Ministry of Power dated 14.01.2022.

25. Return of site: Post completion of contracted period of 08 years whichever is earlier, the bidder will be required to remove and take back the existing EVSE and associated infrastructure on their costs and return the site to CESL with proper restoration.

26. Data sharing: The bidder is required to share all data as and when required by CESL being the part of Open database.

27. Availability of chargers: The bidder must maintain charger availability for customers at minimum 98% uptime at all the times.

28. The selected bidder agrees to support in the tracking and verification of Carbon Emission Reductions attributable to Chargers deployed by them as part of this contract. All carbon credits shall be owned by CESL. Should CESL decide to pursue carbon credits for the EV traffic coming through these categories of EV charging stations , Bidders are expected to cooperate. At an appropriate time, CESL will provide the relevant data needs for cooperation.

29. Power supply: The bidder shall ensure back-up in case of power cut or inadequate supply from DISCOM. Green alternate sources may be explored.

30. User service: The bidder shall provide users a call centre number with prompt grievance redressal mechanism for challenges in using the EV charging stations. Standards of quality will be maintained by the bidder and monitored periodically.

CESL Scope:

Land parcel: CESL through its partner agencies (Govt / private) will provide the encumbrance free land(s) for implementation of categories of EV charging stations to the bidder for a period of at least 8 years. Agreement shall be shared with the successful Bidders. However, in case of any changes in the contract period for sites, it shall be specified to selected bidders while disclosing the list of sites. Listed sites have not been assessed by CESL for suitability of the categories of EV charging stations and bidders are advised to carry out proper due diligence at their end before submitting the proposal to CESL. P1, P2 and P3 category of EV charging stations shall be provided with 1ECS space for the purpose of parking the EV and charging from that Charging Station.

Power Connection and metering:

CESL shall facilitate necessary assistance to bidders for obtaining Electricity (Power) connection from respective DISCOMs at each location.

In order to facilitate power connection at locations where more than one category of EV charging stations (P1, P2 and P3) have to be installed by bidders, then CESL shall take common EV tariff connection in its own name under the permissible LT supply code regulations followed by respective DISCOMs. Typically the common load shall be shared in the ratio of 30:20:50 amongst P1:P2:P3 category of EV charging station at locations where all three categories have to be installed. In case of two category of EV charging stations have to be installed at each location, it shall be shared in the ratio of 50:50.

- chargers at site to confirm the load requirement at site.
- Step 4: Multiple visits by DISCOM team for technical and commercial feasibility check by DISCOM for load approval and to provide an estimate (demand note) for providing the electrical connection for EV chargers.
- Step 5: DISCOM provide an estimate (demand note) for providing the electrical connection for EV chargers including SLD chargers, Security deposit charges and civil work charges (from electrical source to EV chargers).
- Step 6: CESL has to release payment against the issued demand note to DISCOM. After successful payment, DISCOM shall commence their work.
- Step 7" If payment is not completed timely, again the process shall start from Step 1.

The cost estimated by CESL for availing the electricity connection by DISCOMs at each location shall be paid in advance by bidders to CESL or directly to concerned DISCOM as per the confirmation by CESL in accordance to the load sharing arrangement decided by CESL for P1, P2 and P3 category of EV charging stations. However, bidders could also seek electricity connections directly on their own as well.

- e. Electricity payments as per the billed units by DISCOMs have to be paid within the due date by bidders on behalf of CESL. Any disconnection due to non-payments or delayed payments shall be dealt by bidders on behalf of CESL. The bidders will also have to pay the applicable energy and monthly demand/fixed applicable along with duties and taxes levied by DISCOMs on pro-rata basis as applicable for a location related to the respective category of EV charging stations to CESL.

3. Project coordination: CESL will assign one nodal officer/or more to manage the bidder's relation at State level.

Terms of payment:

- i. No interest shall be paid by CESL on the amounts of the bank guarantee(s) submitted by the bidder
- ii. The bidder shall need to mandatorily register with the relevant Tax authority (ies) for the LOA items (services, where applicable), and furnish photocopy of their tax registration certificate and PAN along with each invoice.
- iii. Deposit of all statutory taxes, levies, etc. to Government authorities shall be the sole responsibility of the bidder and the bidder shall indemnify CESL for any tax claims/problems, etc. with the statutory authority/ Government or State authorities.
- iv. The payment of revenue sharing to CESL at Agreed Sharing Price to be done by the bidder on monthly basis within 10 days of the next month. Calculation of electricity consumption will be done based on the DISCOM's energy meter reading.
- v. The revenue sharing will be based on per unit consumption of electricity by categories of EV charging stations (P1, P2 & P3) (same shall be measured through the DISCOM provided energy meter or sub-meter of CESL separately installed for P1, P2 and P3 categories of EV charging stations as the case may be).
- vi. The bidder should pay the 100% monthly revenue sharing in one instalment. No part payment will be allowed. During the payment, the bidder shall furnish a copy of the verified electricity bill provided by respective DISCOM to the authority.
- vii. Penalty against late payment will be charged as 0.25% of bill amount per day of delay.
- viii. In case, a successful bidder failed to commission the EVSEs at given sites as per the timelines for implementation described in clause no.16 (bidder's scope) in Annexure-B of this tender, Agreed Sharing Price of revenue sharing to CESL will be increased at 10% for every month of delay in commissioning.
- ix. If the bidder fails to maintain availability of chargers equal to or greater than 98% uptime, for every 1% reduction in availability, he'll be penalised at increment of 10% of Agreed Sharing Price payment to CESL for the following month.

Safety & Insurance

CESL shall have no liability to any person under any law, statute, rules or regulations or tort, principles of restitution or unjust enrichment or otherwise for any loss, damages, cost or expense which may arise from or be incurred or suffered on account of the scope of projects contained in this RFP.

Additional Service Level Agreements

- (1) Faulty charging equipment should be repaired and/or replaced within 24 hours of the complaint.
- (2) Replace malfunctioning firmware as well as provide any additional feature request at no extra cost.
- (3) Provide system availability and response time report upon request.
- (4) Display at its office, operating site, OEM dealership location, its website/app or through newspaper advertisement, the procedure to subscribe and use its energy services, the pricing information and contact details of its customer care service.
- (5) Follow all applicable regulations with regards to protection of any KYC or personal information collected during application.
- (6) be solely responsible for ensuring the safety of the property and users at the EV charging station locations. Proper monitoring of the location must be ensured to prevent damage to the property.

Payment security mechanism

Letter of Credit to be opened and maintained with a scheduled bank for amount equal to three-months bill /receivable amount (including statutory charges and taxes) as per approved format. It will be the responsibility of the client/CPO to ensure that Letter of Credit as per the format should be valid at any given point of time during the validity of parent agreement except the initial three months from operation. In case the client fails to do so, then CESL reserves the right to terminate the agreement at the risk and cost of Client/CPO. Format of Letter of Credit will be provided to selected Bidder/s upon completion of the selection process. CPO has to open LC after the 3 months of operation. The amount of LC shall be equal to three months receivables calculate based on last three months average bill/receivables and which is irrevocable and will be renewed after every 12 months on the basis of last 3 months average receivables.

Applicable Taxes, Duties & levies:

The above prices are inclusive of all cess and duties, transfer to site, insurance, other costs incidental to delivery and also excluding GST (IGST, SGST, CGST, UTGST). Successful bidder should mandatorily register under GST act of the particular state. The bidder should ensure all the GST compliances are fulfilled for the GST collected from CESL and same should be reflected on GST portal (GSTR-2A) in credit of CESL. Any other charges/cost/TA/DA is also included in the above contract price

- If there is increase or decrease in the taxes and duties subsequent to supplier's offer within the contract delivery schedule of supply due to change in rate or introduction of new tax or deletion of existing tax or interpretation/ application of tax etc., CESL will reimburse the actual tax.

In case of failure to achieve completion as per contract delivery schedule of supply, CESL will not be liable to compensate for any increase in taxes and duties due to change in rate or introduction of new tax or interpretation/application of tax etc. Whereas taxes at actual rate shall be paid in case of decrease in taxes and duties due to change in rate or deletion of existing tax or interpretation/application of tax etc., in the event of late delivery after the contract delivery period._

Core Team for Project Monitoring as (PMU)

An Empowered Committee under the leadership of Head-EVCI(CESL) and comprising at least two key members each from the bidder and CESL-EVCI program would monitor the implementation of project and take necessary decisions from time to time for smooth and speedy execution of the project.

Monthly updates and quarterly progress report shall be submitted to the Core team by the bidder. This will include:

- Charger utilization, as % of hours of up-time.
- Hours of down-time, with causes.
- Complaints received and the response report.
- Safety/maintenance issues.
- Other challenges.

A reporting format may be agreed upon by the Committee. Site visits will be planned periodically. EESL (CESL) Leadership shall oversee the project on quarterly basis.

ANNEXURE C: PRICE BID FORMAT (REVENUE SHARING WITH CESL)

The bidder terms of reference for **REVENUE SHARING** are as mentioned below:

1. Criteria (Revenue Sharing):

- Fixed revenue in Rs/kWh from categories of EV charging stations to be shared with CESL for all charging locations. The revenue sharing will be based on per unit consumption of electricity by categories of EV charging stations (P1, P2 & P3) (same shall be measured through the DISCOM provided energy meter or sub-meter of CESL separately installed for P1, P2 and P3 categories of EV charging stations as the case may be).
- Fixed fee of Rs/kWh to be paid to CESL by bidder in proportion to fixed fee of Rs/kWh as per agreement between CESL and Land Partner agency (Government/Private) which ranges up to (Rs.2.00 plus GST).
- CESL Revenue sharing to be quoted by the bidder

Note:

- i. The bidder will fix a competitive tariff (or) charging fee to the end customers/public for using the public EV charging station..
- ii. In such cases where the EV Charging Stations has been installed with Government Incentives (financial or otherwise), State Nodal Agency/State Government/Appropriate Commission shall fix the ceiling of service charges to be charged by such charging stations. Respective state regulations imposed from time to time shall apply and bidders have to comply with such regulations and there is no subsidy or financial incentive support by CESL.
- iii. Revenue sharing remains unchanged over the contract period. Any changes in revenue sharing shall be decided after due consultation by the core team constituted (Refer pg.33 of rfp)
- iv. Revenue generated from other means like Advertisements will be shared among Landowner and bidder as agreed.
- v. In the latest revised and consolidated Guidelines & Standards for charging infrastructure for Electric Vehicles raised by Ministry of Power vide ref. no. 12/2/2018-EV (Comp No. 244347) dated 14th January, 2022 under guideline at 9) provision of land at promotional rates for public charging stations (PCS), it is mentioned that land available with government/ public entities shall be provided for installation of PCS to government/ public entities on a revenue sharing basis for installation of PCS at a fixed rate of Rs. 1 per kWh (used for charging) to be paid to the land-owning agency from such PCS business payable on quarterly basis. Such revenue sharing agreement may be initially entered by parties for a period of 10 years.
- vi. In the guidelines, it is clarified that land to a private entity for installation of PCS shall be on bidding basis with floor price of Rs. 1 per kWh. Hence there are no changes to basic fixed fee. In case any relaxations by the land partners, same shall be passed on to the bidders based on mutually agreed terms between CESL and Public & Private land partners.

I/We have read all the terms and conditions of the Tender/IFB/NIT and the Annexure(s) thereto and agree to accept and abide by the same in total. The above quotation has been prepared after taking into account all the terms and conditions of the Tender/IFB/NIT.

Bank Guarantee No.....

Date.....

To,

Convergence Energy Services Limited
(A wholly Owned Subsidiary of EESL)
Core-3, 2nd Floor, SCOPE Complex,
Lodhi Road, New Delhi-110003

Dear Sirs,

In consideration of the CESL, (hereinafter referred to as the 'Owner,' which expression shall unless repugnant to the context or meaning thereof include its successors, administrators and assigns) having awarded to M/s with its Registered / Head Office at..... (hereinafter referred to as the 'Contractor', which expression shall unless repugnant to the context or meaning thereof, include its successors, administrators and assigns), a Contract by issue of Owner's Letter of Award No dated.....and the same having been unequivocally accepted by the Contractor and the contractor (Scope of Contract) having agreed to provide a Contract Performance Guarantee for the faithful performance of the entire Contract equivalent to * % (percent) of the said value of the Contract to the Owner.

We (Name & address) having its Head Office at (hereinafter referred to as the 'Bank', which expression shall, unless repugnant to the context or meaning thereof, include its successors administrators, executors and assigns) do hereby guarantee and undertake to pay the Owner, on demand any all money payable by the Contractor to the extent ofas aforesaid at any time up to(days/months/year) without any demur, reservation, contest, recourse or protest and / or without any reference to the Contractor. Any such demand made by the Owner on the Bank shall be conclusive and binding notwithstanding any difference between the Owner and the Contractor or any dispute pending before any court, tribunal, Arbitrator or any other authority. The Bank undertakes not to revoke this guarantee during its currency without previous consent of the Owner and further agrees that the guarantee herein contained shall continue to be enforceable till the owner discharges this guarantee.

The owner shall have the fullest liberty without affecting in any way the liability of the Bank under this guarantee from time to time to extend the time for performance of the Contract by the Contractor. The owner shall have the fullest liberty, without affecting this guarantee, to postpone from time to time the exercise of any powers vested in them or of any right which they to enforce or to forbear to enforce any covenants, contained or implied, in the Contract between the owner and Contractor or any other course of or remedy or security available to the owner. The Bank shall not be released of its obligations under these presents by any exercise by the owner of its liberty with reference to the matters aforesaid on any of other indulgence shown by the owner or by any other matter or thing whatsoever which under law would, but for this provision, have the effect of relieving the Bank.
